## UNLOCK BOUNDLESS OPPORTUNITIES WITH ERASMUS+ EXCHANGE PROGRAMS!

Erasmus Days have been celebrated with various events in October with the participation of our country since 2018. This celebration aims to increase the recognition of the Erasmus+ Programme, promote the visibility of projects related to this program, disseminate the outputs of relevant projects, and encourage potential beneficiaries to benefit from Erasmus+. In 2023, 6295 events were held in 58 countries. Together with you, Türkiye organized 3700 of these events in our country, making us the 1st country to organize the most events among all countries. The champion!

We are using the power of social media to celebrate the 2023 Erasmus Days. We invited all our students who have participated in Erasmus+ to contribute to the "challenge" announced by the Turkish National Agency and take part in the Erasmus+ celebrations around the world and organized informative seminars and organize a quiz.

## PERTEVNIYAL VALIDE SULTAN MOSQUE Italian designed mosque, built in 1871 for the mother of Sultan Abdülaziz and reflecting various styles.

The Perteveyniyal Valide Sultan Mosque is a grand Ottoman imperial mosque in Istanbul. The building is an example of Turkish Rococo with dollops of classical Ottoman, Moorish, Gothic, Renaissance, and Empire styles. The design also seems to draw influences from Indian, North African, and Andalusian architecture. It can be seen as a sign of the emerging power of Ottoman women, as the mosque is named after Perteveyniyal Valide Sultan, a member of the royal family. The interior is elaborately decorated with much use made of blue colouring. There are many classical Ottoman details on the walls including blind niches, muqarnas, arch motifs, arabesques, and Chinese-inspired floral arrangements.
